5010 PELI™ FLASHLIGHT

Max Power 392 lumens

Ideally designed for professionals in industry, emergency services or maintenance, the Peli™ 5010 tactical flashlight is part of the Peli™ range of tactical flashlights. Compact and robust, it has a variable beam and intense brightness. Equipped with 3 lighting modes (high, medium and flashing), the Peli™ 5010 is also waterproof (IPX8), for immersion up to 1 meter. A true compromise between performance and practicality, the Peli™ 5010 is perfect for any type of work area.

Description of the Peli™ 5010 flashlight Ultra-compact, the Peli™ 5010 torch measures only 15.9 cm, for 145 grams (batteries included). Its weight and size, however, do not detract from its power. Its intense luminosity, up to 392 lumens, can illuminate a distance of 184 meters. Powered by 2 AA batteries, it can run for 26 hours at the lowest power setting. The Peli™ 5010 tactical flashlight does not have ATEX certification, but its IPX8 protection rating makes it waterproof up to 1 meter of immersion.

Features of the Peli™ 5010 tactical flashlight Peli™ 5010 tactical torch is a powerful and bright torch. Thanks to its adjustable beam, Peli™ ultra-compact flashlight is a model that guarantees 3 lighting modes.

- Strong: 392 lumens, maximum beam range of 184 m and an operating time of 2 hours 15 minutes.
- Low: 22 lumens, beam range of 43 meters and 26 hours of operation.
- Flashing.

The variable beam makes it possible to adjust the light beam of the Peli™ 5010 LED lamp by simply sliding the ring:

- wide position for diffused luminosity ;
- concentrated position, for more precise lighting over a long distance.

Advantages of the Peli™ 5010 flashlight Thanks to its battery indicator, the Peli™ 5010 adjustable torch offers safety and comfort to professionals in industry, maintenance and emergency services. Made of type II anodised aluminium, it is both robust and powerful and ensures optimum professional use.
